

AirCruiser Mach G Access Point

GN-AP02G

Features

- Data rates up to 108Mbps (IEEE 802.11b/g)
- GIGABYTE AP Manager
- Wireless Distribution System (WDS)
- Wi-Fi Multimedia (WMM) Quality of Service (QoS)
- 1 x LAN Port (Auto-MDIX)
- 1 Detachable Antenna (R-SMA)

Security

- 64/128/152-bit WEP Encryption
- MAC address filtering
- Wi-Fi Protected Access (WPA/WPA2)

AirCruiser G Access Point

GN-AP01G

Features

- Data rates up to 54Mbps (IEEE 802.11b/g)
- GIGABYTE AP Manager
- Extended Distribution Wireless System (EDWS)
- 1 x LAN Port (Auto-MDIX)
- 1 Detachable Antenna (R-SMA)

Security

- 64/128-bit WEP Encryption
- MAC address filtering
- Wi-Fi Protected Access (WPA)

AirCruiser G Range Extender

GN-AP03G

Features

- Q-Link button automatically connects to extend your wireless network
- Data rates up to 54Mbps (IEEE 802.11b/g)
- Extended Distribution Wireless System (EDWS)
- 1 x LAN Port (Auto-MDIX)
- 1 Detachable Antenna (R-SMA)

Security

- 64/128-bit WEP Encryption
- MAC address filtering

AirCruiser MIMO Desktop Adapter

GN-WP01GM

Features

- Configure your Multi-In Multi-Out (MIMO) wireless network securely in a breeze with GIGABYTE proprietary SmartSetup 3
- Data rates up to 54Mbps (IEEE 802.11b/g)
- Dynamic rate shifting ensures fastest possible connection
- Wi-Fi Multimedia (WMM) Quality of Service (QoS)
- Software AP to use your desktop PC like an Access Point
- 3 Detachable Antenna (R-SMA)

Security

- 64/128-bit WEP Encryption
- Wi-Fi Protected Access (WPA/WPA2)

AirCruiser Mach G Desktop Adapter

GN-WP01GT

Features

- Configure your secure wireless network in a breeze with GIGABYTE proprietary SmartSetup 3
- Data rates up to 108Mbps (IEEE 802.11b/g)
- Dynamic rate shifting ensures fastest possible connection
- Wi-Fi Multimedia (WMM) Quality of Service (QoS)
- 1 Detachable Antenna (R-SMA)

Security

- 64/128/152-bit WEP Encryption
- Wi-Fi Protected Access (WPA/WPA2)

AirCruiser G USB Adapter

GN-WB01GS

Features

- Configure your secure wireless network in a breeze with GIGABYTE proprietary SmartSetup 3
- Data rates up to 54Mbps (IEEE 802.11b/g)
- Dynamic rate shifting ensures fastest possible connection
- Wi-Fi Multimedia (WMM) Quality of Service (QoS)

Security

- 64/128-bit WEP Encryption
- Wi-Fi Protected Access (WPA/WPA2)

AirCruiser G Portable AP/Router

GN-AP05G

Features

- Two-way switch toggles between fully functional Access Point and Router
- Data rates up to 54Mbps (IEEE 802.11b/g)
- DHCP-Server, DMZ-Host
- Wireless Distribution System (WDS)
- 1 x LAN Port (Auto-MDIX)
- 2 Internal Antennas

Security

- NAT and Advanced SPI Firewall
- VPN Pass-through (IPSEC,PPTP)
- MAC address filtering
- URL Blocking
- 64/128-bit WEP Encryption
- Wi-Fi Protected Access (WPA-PSK)

AirCruiser G Game Adapter

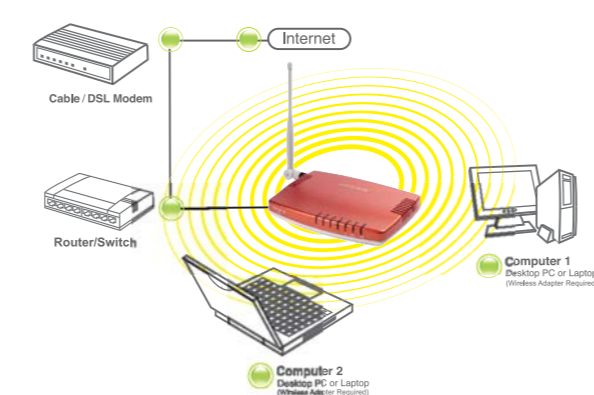

GN-MD01

Features

- Q-Link securely wirelessly connects your game consoles(Xbox, PS2 or GameCube)
- Sliding switch to select the available three modes(Ad Hoc, AP and Adapter)
- Data rates up to 54Mbps (IEEE 802.11b/g)
- Wireless Distribution System (WDS)
- 1 x LAN Port (Auto-MDIX)
- 1 Detachable Antenna (R-SMA)

Security

- 64/128-bit WEP Encryption
- MAC address filtering
- Wi-Fi Protected Access (WPA)

GIGABYTE Access Point Usage Diagram

AirCruiser G Desktop Adapter

GN-WP01GS

Features

- Configure your secure wireless network in a breeze with GIGABYTE proprietary SmartSetup 3
- Packet-OVERDRIVE enhance throughput up to 50%
- Data rates up to 54Mbps (IEEE 802.11b/g)
- Dynamic rate shifting ensures fastest possible connection
- Wi-Fi Multimedia (WMM) Quality of Service (QoS)
- Software AP to use your desktop PC like an Access Point
- 1 Detachable Antenna (R-SMA)

Security

- 64/128-bit WEP Encryption
- Wi-Fi Protected Access (WPA/WPA2)

AirCruiser G USB Adapter

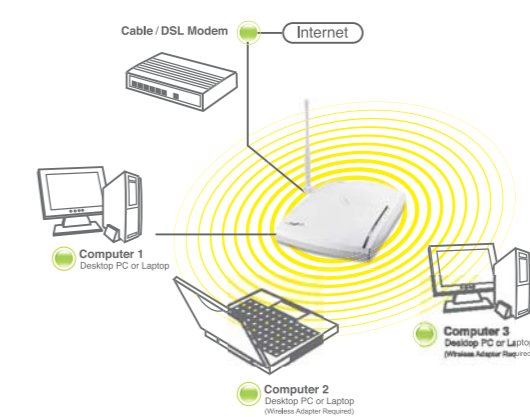

GN-WBKG

Features

- Configure your secure wireless network in a breeze with GIGABYTE proprietary SmartSetup 3
- Data rates up to 54Mbps (IEEE 802.11b/g)
- Dynamic rate shifting ensures fastest possible connection
- Wi-Fi Multimedia (WMM) Quality of Service (QoS)
- Unique 360° swiveling antenna

Security

- 64/128-bit WEP Encryption
- Wi-Fi Protected Access (WPA/WPA2)
