**WEEE Symbol Statement**

The symbol shown below is on the product or its packaging, which indicates that this product must not be disposed of with other waste. Instead, the device should be taken to the waste collection centers for activation of the treatment, collection, recycling and disposal procedure. The separate collection and recycling of your waste equipment at the time of disposal will help to conserve natural resources and ensure that it is recycled in a manner that protects human health and the environment.

- When your electrical or electronic equipment is no longer useful to you, “take it back” to your local or regional waste collection administration for recycling.
- If you need further assistance in recycling, reusing in your “end of life” product, you may contact us at the Customer Care number listed in your product's user's manual and we will be glad to help you with your effort.

**Restriction of Hazardous Substances (RoHS) Directive Statement**

GIGABYTE products have not intended to add and safe from hazardous substances (Cd, Pb, Hg, Cr+6, PBDE and PBB). The parts and components have been carefully selected to meet RoHS requirement. Moreover, we at GIGABYTE are continuing our efforts to develop products that do not use internationally banned toxic chemicals.

**California Proposition 65 Warning**

*WARNING:*

This product can expose you to chemicals including Lead, which is known to the State of California to cause cancer, and Bisphenol A (BPA), which is known to the State of California to cause birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov.

**Battery Warning:**

- Incorrectly installing a battery or using incompatible battery may increase the risk of the explosion. Replace the battery only with the same or equivalent type.
- Do not disassemble, crush, puncture batteries.
- Do not store or place your battery pack next to or in a heat source such a fire, heat-generating appliance, car or exhaust vent. Heating battery cells to temperatures above 65°C (149°F) can cause explosion or fire.
- Do not attempt to open or service batteries. Do not dispose of batteries in a fire or with household waste.
