\* For 96c Genoa OPNs: (a) Windows Server 2019 bare-metal support (KB5017379), Hyper-V support (KB5018419). (b) Windows Server 2022 bare-metal support December 2021 ISO (KB5007254), Hyper-V support (KB5010421)

\*\* Windows Server 2019 EOL is Q1'2024. Microsoft will support WS19 on current Genoa solutions where OEMs offer SOC upgrades to Turin.

\*\*\* To install XenServer 8 on AMD Turin hardware, ensure you use an installation ISO dated December 9, 2024 or later. If you have installed XenServer 8 on an AMD Turin host using an earlier installation ISO you must apply the latest updates to ensure a supportable environment.
